Summer's almost here and that means it's time to get ready for the Row by Row Experience. We're part of this fun national shop hop again this year, which runs June 21 thru September 5, 2017. This year's theme is "Row By Row On The Go"! The program works like this: as you travel & vacation this summer visiting quilt shops all over the USA, ask them if they belong to The Row By Row Experience. If they do, you can collect a free pattern for their Row. Most shops will have the pattern kitted; some shops will have fabric license plates to collect as well. Each customer has the opportunity to make a completely finished quilt using at least 8 different row patterns from the shops they visited. If you are the first customer to bring in a quilt to any of the participating shops by the end of October, you win 25 FAT QUARTERS from that shop. If you use that shop's Row pattern in your quilt, many shops (like ours) will award an additional prize. (That's part of Sue's sketchbook design on the right - real thing will be in the shop soon!)

We're also looking forward to next year's February shop hop. Teresa and Sue will be starting a new sew-along called Insanity, based on the book Nearly Insane, by Liz Lois, recreating a quilt from the 1870's. We'll be making red and white blocks for a quilt to be donated to our heart auction in February; you can make your quilt in any colorway you choose. In lieu of a fee for this sew-along, you'll "pay" us with a red and white block each month. Blocks can be made with templates, English paper-piecing or foundation paper-piecing. We'll meet the last Friday of the month from 5-8 PM, starting in May.

Hope to see you soon, as always, "When life gives you scraps, make quilts". Carol

CLASSES: May

First Semester Beginning Quilting

We will be using Eleanor Burn's book [It's Elementary](#) which has wonderful easy directions with lots of pictures to follow. Students will need to make an appointment with me ahead of class time so I can help them to pick out fabric for the class project. If you have fabric you want to use in the project, please bring it along so I can check it out; in the past I have allowed students to use whatever fabric they have but this has just caused too many problems, causing a delay in the class time for everyone. You will find out how important it is to be consistent and accurate at all times. How a few threads off here and there can change the whole outcome of your project. I'll teach you how to cut and press the fabric correctly. You will practice your scant 1/4" seam allowance before moving on to constructing 3 of the (five) 12 1/2" blocks from the book into a table runner. In this class you will learn to piece the top of the runner only. Must take Second Semester Beginning Quilting to learn how to finish your runner.

Six 3-hour sessions

Tues. May 9, 16, 23, 30 & 1:00 to 4:00

Tues. June 6 & 13

With Carol \$75.00

(Includes Large Zippered Project Bag & 2 Fat Quarters)

Twirly Batik Skirt

This skirt can be made short or long, using several colors or a lot of colors. I've made it with only two colors in our new Rayon Batiks (each skirt section has 3 pieces so I made top 2 sections one color and added the second color onto the bottom twirly section only). The second skirt I used 5 fat quarters in regular cotton batiks all in the same color family and value. It has a simple elastic waist and I love how it fits. I'll share a quick hemming method from my Bridal Boutique days that makes the hem on this skirt very easy to handle. The skirt is easier to construct than what you would think! You will need to come in so we can help you fit your pattern beforehand to decide on fabric requirement needed.
